

# Sahuaro Weekly Update

*"Where neighbors help neighbors build community."*

**Councilmember Steve Frate, Glendale Arizona**

**July 3, 2009**

**Have a very safe and happy 4<sup>th</sup> of July holiday!**

**Boards & Commissions.** The Glendale City Council recently appointed residents to serve on advisory boards and commissions. Congratulations and many thanks to the following Sahuaro District residents who have volunteered to serve: Sharon Sprague (chair) – Citizens Advisory Commission on Neighborhoods; Charlene Sharp – Library Advisory Board; and Danielle Silvas – Parks and Recreation Advisory Commission.

Glendale's 18 boards and commissions assist the City Council in making important policy decisions that impact the community. These volunteer citizen advisory groups research, study and discuss specific Glendale projects and issues and then forward their recommendations to the City Council.

To request an application to serve on a city advisory group or for more information, [click here](#) or call the Council Office at (623) 930-2249. Board and commission members must reside in Glendale.

**Special Art Honor.** The city of Glendale shined brightly at the annual Americans for the Arts Convention when it was recognized for the Myrtle Avenue cultural entryway at Grand Avenue. The Circles of Time by Howard Meehan was one of 40 artworks selected for the 2009 Year in Review Award.

The award recognizes outstanding public art projects through a competitive process reviewed by independent curators. The Year in Review program is the only national award that specifically honors exceptional public art projects.

The artwork was completed by Glendale's Public Art Program in 2007. The "Circles of Time" is known for how it captures photographic history, providing a window into the past and a look into the future.

As the city of Glendale honors its centennial this year, this park serves as a centennial point of pride and is an example of the evolution that has occurred since the use of these historic gas pumps and structures.

Artist Howard Meehan lives in New Mexico. He is a nationally-recognized artist. His portfolio includes projects from across the United States.

**Glendale History Online Project.** After nearly a year, the Glendale History Online project is ready for citizens, researchers and anyone interested in history to learn more about the city's almost 100 year past.

Last summer, Glendale Public Library received a grant of \$19,419 to develop the Glendale history project in partnership with the Glendale Arizona Historical Society, Glendale Community College, Sahuaro Ranch Historic Area and Thunderbird School of Global Management.

To learn about Glendale history, go to [www.glendaleazhistory.com](http://www.glendaleazhistory.com). The user then chooses which institution he/she wishes to learn more about. There is an online game, with copies of old photos, individuals can use to test their Glendale knowledge.

Another facet of the project is a display of copies of old photos from all of the partners in the Glendale Main Library, 5959 W. Brown St. A special exhibit system was built that has a changing display of photos, along with descriptions, for the public to see.

For more information about the project, call (623) 930-3554.
